THE 1995 BFS CLINIC CAUCUS

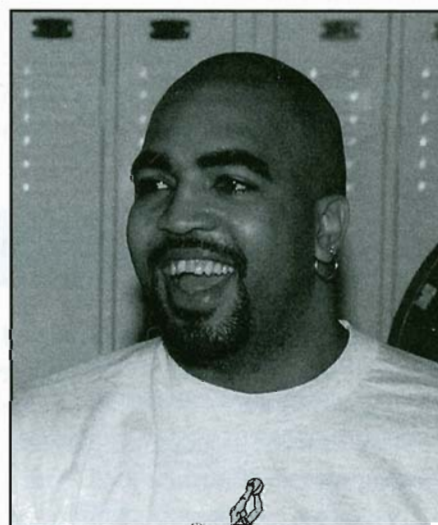

Eric Snowden (right) manager of our new plant shows the BFS Clinic Coaches the new BFS-Elite Equipment.

Last June all of the BFS clinicians came out of Salt Lake City for a two-day BFS Clinic caucus. The objective was to share ideas, learn new approaches and discuss how we could make our BFS Clinics even better. Two new BFS Clinicians were added to our team. Doug Ekmark from Park High School in the Minneapolis area and Bob Doyle from Chardon High School in the Cleveland area.
